SUMMARY

Senior Full-Stack Engineer with 7+ years of experience building FinTech, Enterprise, and E-commerce platforms. Track record leading engineering teams, modernizing legacy systems, and owning production releases for high-traffic platforms including Angel One and HDFC Sky. Skilled across Next.js, React, Node.js, PHP, Docker, and Redis with focus on system design, mentoring, and scalable software delivery.

- FinTech & Enterprise Platforms
- Production Release Ownership
- Technical Leadership
- System Design
- Mentoring & Team Building

EXPERIENCE

KraftPixel Digital Solutions — Senior Web Developer Jun 2022 – Present · 4 yrs 1 mo

- Lead a team of developers through sprint planning, technical mentoring, code reviews, and day-to-day engineering guidance; mentored up to 8 team members (2 Senior Developers, 3 Developers, 3 Interns)
- Drive end-to-end delivery of enterprise and FinTech platforms including Angel One and HDFC Sky, collaborating with product managers, designers, QA engineers, and stakeholders
- Contribute to technical architecture and system design discussions, helping build scalable, secure, and maintainable applications
- Build modern web applications using Next.js, React, Node.js, PHP, and WordPress; reviewed and approved 2–3 production builds per week
- Lead production incident management, root cause analysis (RCA), and implementation of preventive engineering improvements

HDFC Sky (HDFC Securities) Apr 2024 – Present · 2 yrs 3 mos

- Led feature development and coordinated engineering efforts across cross-functional teams for a high-volume FinTech platform
- Built modern applications using Next.js and WordPress; improved backend performance, scalability, and production reliability; mentored developers via technical reviews

Tech Stack: Next.js • Node.js • Docker • Kubernetes • WordPress

Angel One Jul 2018 – Jun 2024 · 5 yrs 11 mos

- Developed and optimized a custom enterprise WordPress platform for a high-traffic financial platform serving millions of users
- Built lead management systems integrated with third-party LMS platforms; integrated Amazon Polly for accessibility
- Implemented AMP pages and Elasticsearch-powered search, improving page speed, SEO, and search relevance

Tech Stack: WordPress • Elasticsearch • Google Apps Script • PHP

Kapiva May 2019 – Jun 2022 · 3 yrs 1 mo

- Built a custom checkout experience for BigCommerce using Vue.js and Vuex, integrated with a custom payment gateway
- Integrated logistics services and custom checkout flows for WooCommerce, including Razorpay and third-party tools
- Implemented structured data and tracking (Schema, Facebook Pixel) to improve SEO and analytics; optimized performance and site reliability

Tech Stack: BigCommerce • Vue.js • WooCommerce • Razorpay • PHP

Atomberg 2.0 Feb 2020 – May 2022 · 2 yrs 3 mos

- Rebuilt frontend architecture and developed custom WooCommerce modules using Vue.js and optimized PHP backend
- Improved page speed and Core Web Vitals through frontend optimization and critical CSS implementation; established a more reliable CI/CD pipeline

Tech Stack: WordPress • Vue.js • PHP • WooCommerce

KraftPixel Digital Solutions — Web Developer Jan 2019 – May 2022 · 3 yrs 4 mos

- Developed custom WordPress themes, plugins, and enterprise applications; built BigCommerce checkout experiences with Vue.js; improved Core Web Vitals and SEO across client platforms

KraftPixel Digital Solutions — Web Developer (Internship) Jul 2018 – Dec 2018 · 5 mos

- Assisted in backend development using Node.js and PHP; gained hands-on experience with third-party integrations and internal tooling

SKILLS

Languages: JavaScript (ES6+), TypeScript, PHP

Frontend: Next.js, React, Vue.js, HTML5, CSS3

Backend: Node.js, Express.js, RESTful APIs

CMS & E-commerce: WordPress, WooCommerce, BigCommerce

Databases & Caching: MySQL, Redis

Cloud & DevOps: Docker, Kubernetes, AWS Lambda, Linux, CI/CD

Engineering: System Design, Application Architecture, Scalable Architecture, Performance Optimization, Technical Leadership, Technical Mentoring, Code Reviews, Sprint Planning, Sprint Estimation, Root Cause Analysis, Production Support, Incident Management, Agile Methodologies

Tools: Git, Jira, Postman, Webpack, Elasticsearch, Node-RED

EDUCATION

M.Sc. IT (Information Technology) — University of Mumbai Jan 2016 – Jan 2018

B.Sc. IT (Information Technology) — University of Mumbai Jan 2013 – Jan 2016

AWARDS

- Technical Magician Award (2024) — Awarded for delivering innovative technical solutions and driving successful project execution.
- Technical Ninja Award (2020) — Recognized for exceptional technical knowledge growth and technical dexterity.

LANGUAGES

- English & Hindi — Professional working proficiency
- Marathi — Native or bilingual proficiency
